## **beldam lascaramid XL packing**

**beldam lascaramid XL packing** is manufactured from synthetic yarns, free from asbestos yet resistant to elevated temperatures and most chemicals.

**beldam lascaramid XL packing** contains a solid P.T.F.E. lubricant and a special high temperature resistant lubricant.

**beldam lascaramid XL packing** shows exceptional dimensional stability under all conditions of use due to our special **lascarlok** construction, the high tensile strength of the constituent yarns and has no problems associated with thermal expansion.

**beldam lascaramid XL packing** is a multi-purpose high performance packing which is suitable for use with water, steam, fuels, oils, solvents, acids, alkalis and many other chemicals. It is clean to handle, does not contaminate end products and gives you extended service life.
