## **beldam lascaroilbord jointing**

**beldam lascaroilbord jointing** is a high quality compressed paper millboard specially prepared for cold oil applications. Unlike some other oil resistant jointings, it is asbestos free.

**beldam lascaroilbord jointing** is used extensively on oil tankers on cargo discharge lines and tank manholes, also in oil refineries in suitable applications and where a longer life, more expensive gasketing material is not justified. Sometimes preferred for ease of fitting in overhead pipelines.

**beldam lascaroilbord jointing** can also be supplied in pre-cut gaskets to standard tables or to customers drawings. If required, the gaskets may be further treated to increase oil resistance and improve sealing.

**Supplied**

**Sheet Size**

1 m x 1.5 m  
(40" x 60")

**Thicknesses**

1 mm to 6 mm  
(1/32" to 1/4")
