beldam lascaroil 'O' ring make up kit

A useful maintenance kit, which has everything you need to make on the spot 'O' rings, all in an attractive and robust carry case.

Contents:

- **beldam lascaroil 'O' ring cord** of nitrile 70° I.R.H.D. in popular sizes, half Imperial and half Metric, each packed in separate bags.
- A cutting block to help get a better bonding surface.
- A blade.
- A tube of super glue.

When you have used up any sizes, we can replace them competitively.

The case has enough space for you to add some extra handy items like, **beldam lascarflon threadseal tape** or maybe some of the smaller **beldam lascaroil 'O' rings**, which are too small to try and make up yourself. We can supply these in bags of 50 of any one size.
