beldam sealascar no.1 packing

Beldam sealascar no.1 packing is our original frictionless packing, mica lubricated and meets the need for a non-metallic and non-graphited packing for stern glands

Beldam sealascar no.1 packing is manufactured from the best quality vegetable fibre yarns, impregnated with a mica and salt water resistant lubricant, then plaited on the solid construction principle.

Beldam sealascar no.1 packing is a multi-purpose fresh and salt water packing suitable for rotary, reciprocating and static shafts, stern glands and rudder posts.

Max. Temp	Max. Pressure	pH range	Max. Shaft Speed
120°C	70 bar	5 – 9	4 m/s

Beldam sealascar no.1 packing is supplied in square section up to 25 mm in flat coils, above in coils.

Sizes	3 mm to 10 mm	15 m per box
	11 mm to 25 mm	7.5 m per box
	29 mm to 75 mm	18 m canvas bagged

Beldam sealascar no.1 packing is also supplied in die-formed rings.
